39TH CHAPLAINCY CONFERENCE

From Katie Garmon

We wanted to thank our Local UAW 1166 and our Chaplain Committee Chair, Terry Lindsay, for sending four representatives from the Chaplain Committee at the Battery Plant to the 39th Chaplaincy Conference.

It was an honor and a great experience learning new things such as Leadership, Strike Assistance, and Supporting Standing Committees.

Amanda Wright, Debra Revolt, and Katie Garmon attended those classes, and Brittany Atwell attended Marriage Built to Last.

We also attended the presentation Death, Loss, and Grief: What Not to Say to Brothers/Sisters Who Experience a Loss,

along with classes on the proper chain of command in the Chaplain's Committee, VCAP, CAP, and LUIS systems.

We also had Morning Glory and Watchmen Hour, which were times of worship and praise, and testimonies of what God has done in their/our lives.

We look forward to growing more within our union with the support of our Brothers/Sisters.

Thank you, as well, to our International and Regional UAW Brothers and Sisters for hosting, planning, and facilitating classes.

Thank you, in Solidarity,

Katie Garmon,
Amanda Wright,
Brittany Atwell, and
Debra Revolt

Recognizing Juneteenth

Below: Martha Yates Jones (left) and Pinkie Yates (right), daughters of Rev. Jack Yates, in a decorated carriage parked in front of the Antioch Baptist Church located in Houston's Fourth Ward, 1908 — Houston Public Library Digital Archives

Each year on June 19, we recognize Juneteenth, a day that commemorates the end of slavery in the United States and honors the long journey toward freedom, equality, and justice. While President Abraham

Lincoln's Emancipation Proclamation was issued in 1863, it was not until June 19, 1865, that enslaved people in Galveston, Texas, were informed that they were free. That moment became known as Juneteen-

th, also called Freedom Day or Emancipation Day.

Juneteenth is more than a date in history. It is a reminder that freedom delayed was still freedom denied, and that the work of

justice often requires continued courage, education, and action. For generations, African American communities have observed Juneteenth through family gatherings, reflection, celebration, worship,

storytelling, and remembrance. Today, its recognition as a federal holiday helps ensure that this important part of American history is acknowledged and passed on to future generations.

As members of the UAW, we understand the importance of standing together for dignity, fairness, and respect. Juneteenth gives us an opportunity to reflect on the struggles of the past, honor the resilience and contributions of African Americans, and recommit ourselves to building a more just and inclusive future. As we recognize this day, may we continue to learn from history, support one another, and stand in solidarity with all workers and communities seeking equality.

Below: General Order No. 3, delivered by Major General Gordon Granger on June 19, 1865 stated: The people [of Texas] are informed that, in accordance with a proclamation from the Executive of the United States, all slaves are free. This involves an absolute equality of personal rights and rights of property between former masters and slaves, and the connection heretofore existing between them becomes that between employer and hired labor. The freedmen are advised to remain [quietly] at their present homes and work for wages. They are informed that they will not be allowed to collect at military posts and that they will not be supported in idleness either there or elsewhere.— Houston Public Library Digital Archives

UAW ACTION GUIDE

STAND UP FOR THE RIGHT TO VOTE: OPPOSE THE SAVE AMERICA ACT

“Don’t let anyone take away our right to vote.”

UAW VALUES

The UAW will always stand up for the right to vote in our country. The right to vote is the foundational right our democracy is built upon, and we refuse to let that be taken away from us by bad faith efforts to address non-existent issues. A free and fair democracy has been a core value of the UAW throughout its history. To have democracy in the workplace requires a truly democratic government, which is why the UAW has been at the forefront of every voting rights fight since 1935. This includes our ardent support for the Voting Rights Act of 1965 and its subsequent reauthorizations and our endorsement of the John Lewis Voting Rights Advancement Act.

THE FACTS

FACT: The SAVE America Act would disenfranchise millions of working-class Americans.

The SAVE America Act’s strenuous voter registration rules would require voters to show not just proof of identification, but proof of citizenship to register to vote. Under the bill, many forms of ID, including most driver’s licenses and REAL IDs, would not meet the requirements for voter registration. Instead, most voters would need a passport, which over 146 million Americans **DO NOT** have, or they’d have to provide a government-issued ID paired with additional documentation, like a birth certificate. Among Americans earning less than \$50,000 a year, **only 20%** have a valid passport. The SAVE America Act will make it nearly impossible for millions of working-class Americans to vote, which is clearly a central goal of the legislation.

FACT: The SAVE America Act would disenfranchise millions of women.

According to the Pew Research Center, 84% of women in heterosexual marriages opt to change their last name, meaning that their birth certificates do not match the name on their ID. For most people without a passport, the primary way to prove citizenship is with a birth certificate (which millions of Americans don’t have access to), making it incredibly difficult for women who have changed their last name to register to vote.

UAW ACTION GUIDE

FACT: Required In-person registration would limit working people’s ability to vote.

The SAVE America Act would require all voter registration, including new voters and current voters who are re-registering or updating their registration, to do so in person. This means that any time someone moves, decides to change their party registration, or changes their name, they would be required to go in-person to an election office. During the **2022 election cycle, 80.1 million Americans either registered to vote for the first time or updated their registration. Among those 80.1 million, only 4.7 million (5.9%) chose to register in person.** Working people, parents, and many others simply do not have enough time or resources to be constantly going in-person to maintain their voter registration, making this requirement equivalent to restricting their right to vote.

FACT: There is no evidence supporting claims of widespread voter fraud.

The truth is that this bill only promotes lies about U.S. elections, stokes dangerous rhetoric, and disenfranchises the very voters its authors claim to protect. Noncitizens are already barred from voting in federal elections, and study after study finds that instances of noncitizen voting are extremely rare. Even the ultra-conservative Heritage Foundation failed to uncover evidence that this a serious problem: in the last 26 years, they’ve only found 100 instances out of 1.5 billion votes cast -- a grand total of 0.000000067%. That is effectively zero. The bill is an attempt to stir up anger about a non-existent problem to justify taking away our most important democratic right.

TAKE ACTION: STAND UP FOR THE RIGHT TO VOTE

UAW members say: DON’T LET CONGRESS TAKE AWAY OUR DEMOCRACY.

TAKE ACTION NOW: CALL YOUR SENATORS

Contact your representative today to tell them: the SAVE America Act would disenfranchise millions of working-class Americans and UAW members across the country oppose it. We oppose any legislation that makes it more difficult for workers and our families to exercise our fundamental freedom to vote. Demand that your Senator opposes the SAVE America Act.

SHARE YOUR STORY: HOW WOULD THIS BILL MAKE IT HARDER FOR YOU AND YOUR LOVED ONES TO VOTE?

Thank you for your support!

TOGETHER, WE CAN HELP EMILY FIGHT AND WIN.

everything to me. I enjoy simple things like cooking, relaxing at home, and spending time with the people I love most.

Right now, I'm going through cancer treatment, and it's been a tough journey so far. I'm incredibly grateful for the love and support surrounding me—it truly carries me through the hard days.

This isn't my first battle with cancer. As a teenager, I was diagnosed with Hodgkin Lymphoma—and I fought hard and won.

Now, I'm facing a new challenge: Leukemia.

I am currently taking a daily chemotherapy pill that takes a toll on my body, causing constant nausea and exhaustion. Even through this, I continue to push forward and work, doing my best to stay strong.

We are asking for prayers and support to help ease this journey—both physically and financially. Our hope is to give me some breathing room, especially on the days when my body needs rest the most.

Thank you for lifting me up during this fight. I am a warrior—and I'm not alone.
