COMMUNITY SERVICE COMMITTEE

Walk of Hope

5th Annual Suicide Prevention Coalition of Howard County Walk of Hope

Committee members and supporters at the Walk of Hope.

The Community Service Committee was proud to participate in the 5th Annual Suicide Prevention Coalition of Howard County Walk of Hope. This annual event brings our community together to raise awareness about suicide prevention, remember those we have lost, support survivors, and remind individuals who may be struggling that they are not alone.

The Walk of Hope helps bring an important conversation into the open and promotes awareness of the resources available to individuals and families affected by suicide. By coming together, we can help reduce the stigma surrounding mental health, encourage people to reach out for help, and let those who are struggling know that their lives matter.

Together, we can spread hope, encourage connection, and remind others that they are never alone.

Struggling or worried about someone? Call or text 988, the Suicide & Crisis Lifeline.

A heartfelt thank you to everyone who came out to support the walk, participated with us, or purchased a Walk of Hope shirt. Your support helps spread an important message of hope throughout our community.

We would also like to thank **UAW Local 1166** for sponsoring the Walk of Hope and supporting our Community Service Committee's efforts to promote mental health awareness and suicide prevention within our membership and our community.

Members and families came out to show their support.

In loving memory of our UAW Local 1166 brothers and sisters lost to suicide. Forever in our hearts.

COMMUNITY SERVICE COMMITTEE

Gives Back to Woodland Church

Clothing and food donations collected for Woodland Church, and the Woodland Church Blessing Box.

Another successful donation effort by the UAW Local 1166 Community Service Committee!

We would like to thank everyone who donated clothing and food items to Woodland Church. Your generosity helps provide much-needed resources to individuals and families in our community.

Woodland Church continues to have a need for food and toiletry items. If you are interested in making a donation, please reach out to the Community Service

Committee, and we will be happy to help coordinate your donation.

Donations can also be made to the Woodland Church Blessing Box, located at:

3401 S. Webster Street
Kokomo, IN

Thank you to our members for continuing to support our community and helping us make this donation possible.

STARTING IN OCTOBER

Buddy Bag Program

Starting in October, our Community Service Committee will be volunteering with the Buddy Bag Program, which provides weekend food packages to local children experiencing food insecurity.

Members who volunteer will help deliver Buddy Bags for distribution to 5 local schools. If you would like to volunteer, please let me know so we can get you signed up for an upcoming volunteer date.

We'd love to have you join us!

UPCOMING EVENTS

We Care Tree

Set Up Nov 1 @ 5:45 pm

Auction Nov 15 @ 5:00 pm

Looking for volunteers to help with the We Care Tree. We need item donations for under the tree or from local businesses. We also will need volunteers to put the tree up and decorate.

RCS Fall Training:

Learning More to Better Serve Our Membership

This year's Roberts Custom Software (RCS) Fall Training was held at Planet Hollywood in Las Vegas, Nevada. I was grateful for the opportunity to attend and represent UAW Local 1166 while learning more about a system that plays an important role in the everyday operations of our Local.

RCS is the software our union uses to help organize and manage membership information. The system assists with everything from members' personal information, dues, payroll and taxes to grievances, trustee audits, and text communication services.

Our first day began with registration, where we received RCS swag bags, our agendas, and information about the breakout sessions. We were given the opportunity to customize our training experience by choosing from three different classes during each of four breakout sessions.

During the opening plenary, refreshments and snacks were provided while we were introduced to the RCS team. We also learned about the history of the software and how it was developed by Ken Roberts, his affiliation with Local 865, and how it took approximately 18 months to create the original software.

What began with just one local has grown into a system serving more than 400 locals, including unions such as the UAW, USW, and IBEW. The RCS team also gave us an overview of what the software can do and introduced some of the new features that would be covered in greater detail during our breakout sessions. Following the plenary, we had a happy hour that gave everyone an opportunity to meet, greet, network, and talk

with other attendees.

The four breakout sessions I chose were Increasing Member Engagement with RCS Connect, Ins/Outs of RCS Membership and Dues Management, All About Grievance Management Software, and the RCS Dev Team Roundtable.

Throughout these sessions, I received a plethora of handouts and information that I can reference and bring back to our Local. I learned more about how to input and customize membership data, create custom fields, manually enter membership dues, and generate specific membership reports based on the information we need.

I also gained a much better understanding of our RCS texting communication system and learned about new features that are being added. Some of these improvements include the ability to reply to a text to let a member know their message has been received and the ability to easily pull up all unread text messages. These may seem like small changes, but improvements like these can make communication with our membership more organized and efficient.

One of the most interesting parts of the training was learning about Grievances 2.0. At the time of our training, only six locals were using the new version while RCS continued testing it for bugs before making it more widely available. If our Local chooses to add this feature in the future, I believe many of its tools could make grievance paperwork easier for our stewards to organize and manage. Some of

the improvements demonstrated included the ability to click and drag columns into the order you want, search for a grievance using virtually anything that has been entered into the grievance, and a much-needed back button for easier navigation. Another helpful feature is that information is no longer completely lost when something is deleted. Under Grievances 2.0, “delete” essentially means inactive rather than gone, allowing an accidentally deleted grievance to be restored.

One thing I appreciated throughout the training was the amount of participation in every session. There were many questions, suggestions, and conversations about ways RCS could better serve locals and ways existing issues could be improved. It was valuable not only to learn from the RCS team but also to hear ideas and experiences from other union representatives using the same software.

These classes provided me with a much better understanding of the RCS system and the resources available to us. The more we unders-

tand the tools we have, the better we can use them to stay organized, communicate with our membership, advocate for our brothers and sisters, and become stronger union representatives.

I am extremely grateful for the opportunity to attend the RCS Fall Training and to be one of the representatives of our local. As well as being able to spend time sightseeing and getting to know some of my union brothers and sisters better by spending time outside of the plant, and union meetings was a blessing.

Thank you to our membership and executive board for allowing me the opportunity to attend, learn, and bring this knowledge back home to our Local.

In Solidarity,
Copper Hoosier
